Thai Boxing

Absorb the culture of Thailand with 'Muay Thai' or Thai kick boxing.

A visit to fight night on Tuesday evening at the Rawai Boxing Stadium delivers plenty of excitement. The night starts with fighters buffed with liniment while their handlers make sure legs are stretched before the high-kicking begins in the ring. Unlike television wrestling, none of the action is choreographed - these are real contests.

From the comfort of a ringside seat, the speed and the skills of the sport become apparent, even if some of the movements are so fast and furious that the eye can't take them in.
