

Aquaria Phuket

The largest aquarium in Thailand, Aquaria Phuket at Central Floresta Mall Phuket brings close to you a magical underwater world, impressive lives in the rivers and mysterious lives of reptiles. Spreading over 3 rais or around 4,800 sqm of space beneath Central Floresta shopping mall, this aquarium requires a minimum of 90 minutes for you to visit every section of amazing animals. One of the recommended activities is the marine animal's hand-free feeding show which is available daily and you need to check their exact schedules before visit. There is also an AR Trick Eye Museum attached to the aquarium at extra cost and a souvenir shop at the exit for you to shop before leaving. This is a wonderful place for families and kids to explore under ocean and river wildlife in Phuket Town.

Tour Operator: Aquaria Phuket

Open: Daily at 10.30 – 19.00 hrs.
