

## Racha and Coral Island

Discover the pristine beauty of Racha Yai and Coral Island with sun-drenched white powder beached and crystal clear turquoise waters teeming with exotic marine life, a paradise just 12 miles south of Phuket.

### RACHA YAI ISLAND

Racha Yai Island has clean, powdery beaches like those of the Similan Islands. On the east, at Ao Kon Kare Bay, is a coral reef where the diving is excellent. With well-preserved hard corals in both shallow and deeper water, snorkeling and scuba diving are the favorite activities. A footpath leads to the top of a hill on the bay's south side, which provides a panoramic view of Whole Island. You can follow the footpath down to the other side of the island where there is a lovely, nearly deserted beach.

### CORAL ISLAND

Coral Island, known locally as Koh Hae, is a beautiful getaway destination located nine kilometers southeast of Phuket. The island features two main beaches, Long Beach and Banana Beach. You will be taken by speedboat 15 minutes from Chalong. Coral island is part of a marine preserve, but accommodations, restaurant, various water-sports, and diving are all available.
