

# Phi Phi Leh + Phi Phi Don + Bamboo or Rang yai island by Andaman Leisure Phuket

Phi Phi Islands are a main attraction to Krabi and Phuket Island, and are widely considered to be amongst the most beautiful islands in the world, recently rocking to fame with the filming of the movie "The Beach" on Maya Bay. Despite the high number of visitors here, the island is still quite stunning, and the surrounding ocean and islands are still spectacular, although Maya Bay does get a bit overcrowded during Peak Season. Phi Phi Don and Phi Phi Ley are the largest, and most well known of the Phi Phi Islands. The other islands are part of the National Park and can only be seen on tours.
